

Junior Doctor Induction Toolkit

Essential resources to support junior doctors during their inductions.

Funded by Health Education England, free to all NHS staff.

This is an interactive PDF, click on the blue boxes below to visit the resource relevant to you.

01. Fast access to clinical answers with BMJ Best Practice

Anytime access to the latest, evidence-based research and information to support your clinical decisions.

[Condition and Symptom Topics](#)
1000+ evidence-based topics across 32 clinical specialties

[Medical Calculators](#)
Over 500 integrated medical calculators

[Patient Leaflets](#)
Nearly 500 evidence-based patient leaflets

[Procedural Videos](#)
Animated demonstrations of common procedures such as central venous catheter insertion

02. The BMJ

[The BMJ](#)
Read the latest articles from The BMJ for medical news, opinions, research, education, campaigns and more.

[Postgraduate Medical Journal](#)
This journal aims to support junior doctors and contribute to the continuing professional development of all doctors by publishing papers on a wide range of relevant topics.

03. BMJ Talk Medicine podcast series

[Sharp Scratch](#)
In this podcast series, medical students, newly qualified doctors, The BMJ's multimedia team, and experts from around the world get to grips with the topics that really matter but medical schools don't teach you. Brought to you by BMJ Student.

04. Resources to get started

[Health Education England Landing Page](#)

[Junior Doctor Animation Video](#)
A visual guide to your first day as a junior doctor

[Junior Doctor Flyer](#)
Key features of BMJ Best Practice to benefit junior doctors

[Clinical Scenarios](#)
How would you face these clinical scenarios as a junior doctor?

“Your approach sections on diagnosis and management are particularly useful to me as a junior doctor”.

Junior Doctor, UK
